OUR SOLUTION PILLARS

We deliver integrated, reliable, and sustainable solutions that safeguard people, assets, operations, and the environment.

01

TECHNICAL SAFETY ENGINEERING

Engineering controls and risk reduction solutions that protect people, assets, and operations.

02

INDUSTRIAL SAFETY SOLUTIONS

Comprehensive workplace safety systems, equipment, and support services.

03

ASSET INTEGRITY & COMPLIANCE

Inspection, certification, training, audits, and regulatory compliance support.

04

STRATEGIC PROCUREMENT & SUPPLY CHAIN SUPPORT

Reliable sourcing and supply of critical industrial, safety, and operational equipment.

O'LEAMS
OILFIELD SERVICES LTD

TECHNICAL SAFETY ENGINEERING

RISK ASSESSMENT & TECHNICAL SAFETY STUDIES

- Hazard Identification (HAZID)
- Workplace Risk Assessments
- Task Risk Assessments
- Job Safety Analysis (JSA)
- Method Statement Development
- Permit-to-Work System Support
- Emergency Response Planning
- Fire Risk Assessments
- Safety System Verification

PROCESS & OCCUPATIONAL SAFETY SUPPORT

- Process Safety Support Services
- Safety Critical Equipment Identification
- Safety Management System Development
- Incident Investigation Support
- Root Cause Analysis
- Contractor Safety Management
- Shutdown & Turnaround Safety Support

FIRE & GAS ENGINEERING SOLUTIONS

- Fire Detection Systems
- Fixed Gas Detection Systems
- Fire Alarm Systems
- Emergency Notification Systems
- Emergency Lighting Systems
- Fire Protection Equipment
- Fire Safety Program Development

O'LEAMS
OILFIELD SERVICES LTD

INDUSTRIAL SAFETY SOLUTIONS

PPE SUPPLY & SAFETY EQUIPMENT MANAGEMENT

- Personal Protective Equipment (PPE)
- Safety Helmets
- FR Clothing
- Coveralls
- Safety Footwear
- Hand Protection
- Eye & Face Protection
- Hearing Protection
- Respiratory Protection
- Chemical Protection Equipment
- Arc Flash PPE
- Fall Protection PPE

PPE MANAGEMENT SERVICES

- Hazard Assessments
- PPE Matrix Development
- PPE Compliance Audits
- Replacement Programs
- Inventory Management Support
- Workforce PPE Standardization

MEASUREMENT, DETECTION & MONITORING SOLUTIONS

- Portable Gas Detectors
- Fixed Gas Detection Systems
- Multi-Gas Monitors
- Calibration Equipment
- Atmospheric Monitoring Equipment
- Environmental Monitoring Instruments
- Noise Monitoring Equipment
- Air Quality Monitoring Equipment
- Heat Stress Monitoring Equipment
- Temperature & Humidity Monitoring Systems

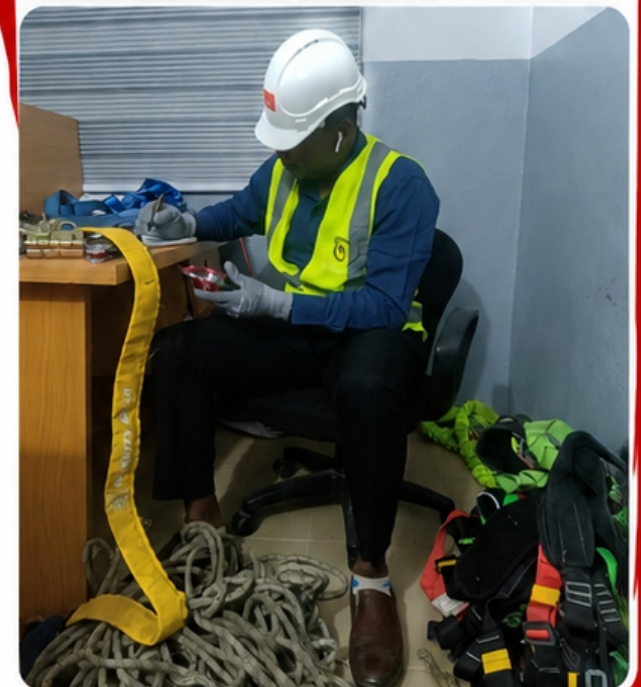

CALIBRATION & EQUIPMENT SUPPORT

- Gas Detector Calibration
- Detector Functional Testing
- Equipment Verification
- Preventive Maintenance Support

EMERGENCY PREPAREDNESS & RESPONSE EQUIPMENT

- Spill Response Kits
- Emergency Showers
- Eyewash Stations
- First Aid Systems
- Lockout/Tagout Systems
- Barricade Systems
- Safety Signage
- Rescue Equipment
- Confined Space Equipment
- Emergency Response Equipment

WORKING-AT-HEIGHT & SAFE ACCESS SOLUTIONS

SAFE ACCESS SYSTEMS

- Fixed Access Ladders
- Caged Ladders
- Roof Access Systems
- Access Platforms
- Walkways
- Catwalk Systems
- Stair Towers
- Mobile Access Towers
- Aluminium Mobile Scaffolding Towers
- Elevated Work Platforms

FALL PROTECTION SYSTEMS

- Horizontal Lifeline Systems
- Vertical Lifeline Systems
- Permanent Anchor Points
- Temporary Anchor Systems
- Guardrail Systems
- Fall Arrest Systems
- Self-Retracting Lifelines
- Harness Systems
- Rope Access Anchors
- Abseiling Railings
- Engineered Anchor Systems

ROOF SAFETY SYSTEMS

- Roof Edge Protection
- Roof Walkways
- Skylight Protection Systems
- Roof Anchor Systems
- Solar Access Systems
- Non-Penetrating Roof Anchors

RESCUE & RECOVERY SYSTEMS

- Rescue Equipment Supply
- Rescue Planning
- Retrieval Systems
- Emergency Evacuation Systems
- Rescue Drills
- Certification Support

O'LEAMS
OILFIELD SERVICES LTD

ASSET INTEGRITY & COMPLIANCE

INSPECTION & CERTIFICATION SERVICES

- PPE Inspection
- Fall Protection Equipment Inspection
- Anchor Point Inspection & Certification
- Fire Equipment Inspection
- Gas Detection Equipment Verification
- Safety Equipment Compliance Inspection
- Safe Access System Inspection

COMPLIANCE MANAGEMENT SERVICES

- HSE Management Systems
- Compliance Audits
- Regulatory Compliance Assessments
- Risk Registers

WHY ORGANIZATIONS CHOOSE O'LEAMS

We deliver integrated safety, compliance, procurement and operational support solutions that help organizations protect people, safeguard assets and achieve sustainable performance.

- ✓ Integrated Technical Safety, Risk Management & Compliance Solutions
- ✓ Strong Local Presence with Global OEM Partnerships
- ✓ Industry-Experienced Safety & Technical Professionals
- ✓ Rapid Procurement & Technical Support Capability
- ✓ Compliance with ISO, OSHA, ANSI, EN, NFPA and Industry Standards
- ✓ Flexible Retainer and Service Contract Models
- ✓ Proven Delivery Across Energy, Manufacturing, Telecoms, Construction and Infrastructure Sectors
- ✓ Single Point Accountability for Safety, Compliance, Procurement and Operational Support Requirements

O'LEAMS
OILFIELD SERVICES LTD

MISSION & VISION

OUR MISSION

To delight our customers, employees and partners by relentlessly delivering safe and competitive solutions where practically everyone would be a proud beneficiary—reducing cost and increasing safety.

OUR VISION

O'leams vision is to be a leader in its home market, the customer's first choice in Safety, Fall Protection, Hardwares, Drilling and Oilfield Support Services.

According to 2018 OSHA Regs: Ladder Cages No Longer Fall Protection Compliant Beginning Nov. 19, 2018

TOP REMINDER: New OSHA regulations for fixed ladders take effect next quarter – November 19, 2018.

How prepared are you?

Are you wondering when a fixed ladder requires fall protection? Or which forms of ladder fall protection are OSHA compliant, or if ladder cages still comply with OSHA's revised regulations? ***Wonder No More!!***

Examining the latest regulations, you will note that OSHA 1910.28(b) (9) requires General Industry employers to **provide fall protection on fixed ladders of 24' or taller installed on or after November 19, 2018,**

protection fall protection system such as the below vertical lifeline on fixed ladders are required on new installations, meeting these requirement.

Ladder Cages will NOT qualify as a safety system on fixed ladders of 24' or taller installed after November 18, 2018.
